SOARING HIGH

SHREE  
KRISHNA  
TOWER

designed and printed at anderson 9831776972

welcome  
to the first modern high-rise  
residential tower  
in the heart  
of Maniktala

standing tall  
on more than 15 cottahs,  
the beautifully  
landscaped complex  
enjoys 80% open area

rise up to proposed  
18 floors for a  
panoramic view of  
historic Kolkata from the flower-scented  
roof top **garden**

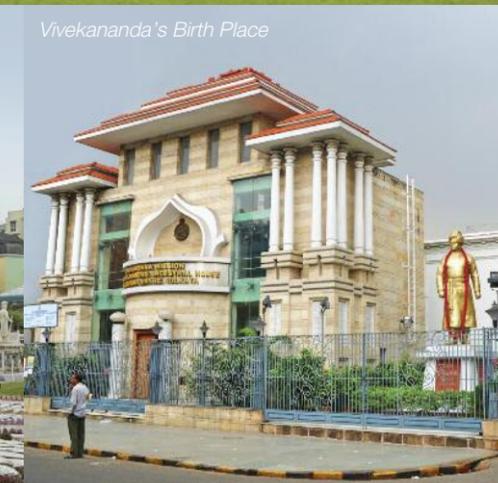

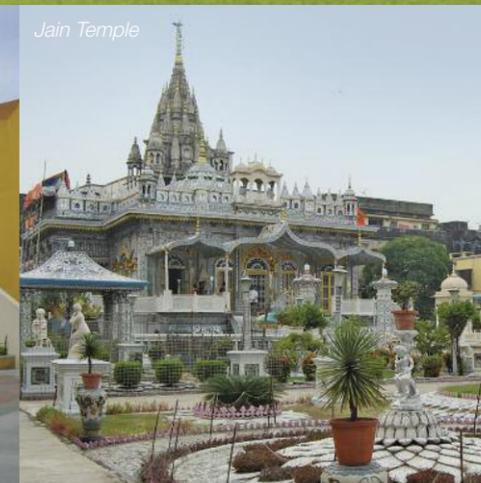

## built for **class**

From the elegant, air-conditioned ground floor lobby and high speed elevators, Shree Krishna Tower speaks class. Open spaces not only ensure adequate parking for residents but also provides a buffer from traffic noise. A special feature is the rooftop garden that offers an unrestricted view of miles beyond. The roof also houses the gym to keep you in shape.

the estate on  
**Garpar Road** is  
flanked by arterial roads with  
**Vidyasagar Park** as a  
neighbouring **green** lung

an ideal  
**neighbourhood**

Maniktala is considered to be one of the most traditional and developed areas of Kolkata where new residential buildings are hardly seen. It features the birth place of Swami Vivekananda and home of many notable families. Shree Krishna Tower is just a few steps from APC Road. It is near Rajabazar and Maniktala crossing from where schools, shopping malls, libraries, railway stations, metro and hospitals are all in vicinity. You are assured of all such conveniences while being shielded from noise and bustle at Shree Krishna Tower.

the meticulously planned,  
Vastu-approved  
design will charm you with its  
intelligent space

a beautiful home

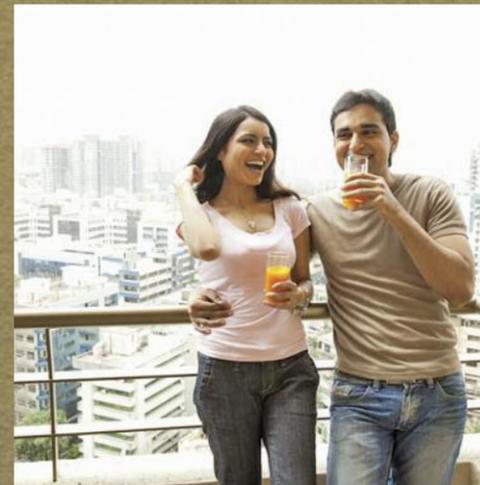

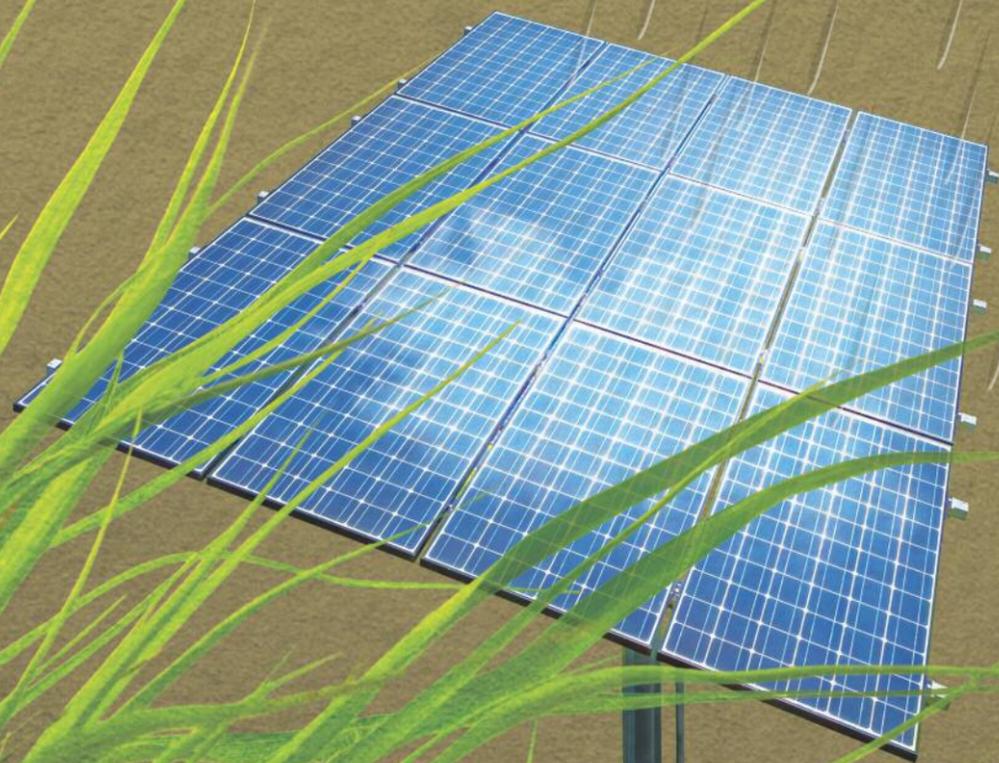

The apartments at Shree Krishna Tower are built for space and style. Thoughtful touches such as service balcony with the kitchen and grills in window and balcony make life easier and safer. All flats are equipped with the best fittings including a kitchen chimney and 15-litre Solar geyser in attached toilets thereby helping in cutting down in electricity cost.

Interior layouts have been approved by a noted Vastu expert to bring prosperity and peace.

eco-friendly  
features like  
solar water geyser,  
solar lighting in common areas  
and rain water harvesting is  
another first  
for Maniktala

for  
modern living

Shree Krishna Tower is built for modern lifestyles. Eco-friendly features include extensive use of solar and recycling technologies. Manned security is backed by recordable CCTV for common areas and intercoms for each Flat. Round the clock water availability and adequate power back-up systems ensure hassle-free living. The Tower also has all arrangements for state of the art fire safety.

- AC Gymnasium
- 24 hours power backup generator
- Round the clock security
- Decorated AC lobby
- Modern elevators
- 24 hrs water supply
- Adequate parking space

the spacious  
**3-bedroom** apartments are  
 designed and fitted for a  
**premium**  
 lifestyle
